

I am writing to complain about Sinclair Broadcasting's blatantly partisan actions in airing the movie "Stolen Honor". I don't think it is too much to expect for our local news to be nonpartisan, and willing to air both sides of the issues, but clearly Sinclair is only out to present one side of the story.

It is also objectionable when my so-called "local news" is actually piped in from Maryland, and doctored to look like a local newscast. I'm sorry, but I fail to see what someone in Maryland would know about what's going on in my community.

Sinclair Broadcasting is clearly out of control. They need to either drop airing the movie, or present equal time to an opposing viewpoint. We as American citizens deserve the right to know that we are being fed real news, not partisan spin or slanted opinions masquerading as news.

This is the USA, not the Soviet Union.
